

**Sanguine**  
ESTATE

FOR IMMEDIATE RELEASE

8 November 2013

**Sanguine Estate Shiraz awarded a gold medal and silver medal in the 2013 Cathay Pacific Hong Kong International Wine and Spirit Competition**

**Sanguine Estate** is delighted to announce that we have won a gold and silver medal in the 2013 Cathay Pacific Hong Kong International Wine and Spirit Competition (HKIWSC) for the **2012 Progeny Shiraz and 2010 Estate Shiraz respectively. This places the 2012 Progeny Shiraz in the top 4% of red wines tasted** (a total of 765 red wines were tasted from all over the world) **and in the top 5% of wines overall.**

Celebrating its 5th year, the HKIWSC is the first truly Asian wine competition in the world. It is judged by some of the most esteemed wine judges from China, Singapore, Japan, Korea, Taiwan and India – including the competitions Director and Master of Wine, Hong Kong based Debra Meiburg MW and Chinese food and wine expert, Simon Tam.

The awards given by the competition are believed to be among some of the highest honours in the industry. Judging for the Competition is unique in that it has two stages; first, the products are tasted blind by expert panels, selected from over 300 fully experienced and qualified industry judges. Then, products which receive the top medals are subject to technical analysis before results are released; this crucial stage ensures winners receive complete validation.
